ADDITIONAL INFORMATION

The mixer is made of stainless steel. The V-shaped high-efficiency mixer has no blind areas in the cylinders at high speed, and with minimal mixing time. The body, internal and external walls of polished stainless steel, have an elegant appearance. Loading and unloading of the powder can be done either manually or by means of a vacuum conveyor. To unload the powder, there are quick-release valves. This mixer is used for mixing powdered materials in the pharmaceutical and other industries. From the electric motor, the shaft should be set in motion. The best industrial device for mixing dry free-flowing powders.

PRODUCTION TIME 30-40 DAYS

ESTIMATED DELIVERY TIME 30-40 DAYS

PRICE 6355,93 USD

VAT 1144,07 USD

VALUE 7500.00 USD
